Research Forum - Monday, October 8, 12 to 1pm

The Lymphatic System and Lymphology: Past, Present and Future

The Research & Development team invites you to attend a lecture by Marlys H. Witte, MD, Professor and Director of NIH-Student Research Programs, Department of Surgery, University of Arizona.

This lecture will introduce lymphology – the study of lymph, lymphatics, lymph nodes and lymphocytes in health and disease – and take you on a “fantastic voyage” through the lymphatic system.

Historic milestones, anatomy, physiology, pathophysiology, genomics and clinical disorders will be highlighted.

In addition, a vision of “precision lymphology” will be discussed along with the many unanswered questions that remain in this area. Examples of collaborations with Ventana founder Tom Grogan will be shared.

Date/Time: Monday, October 8, 12 to 1 pm  
Location: Building 5E, Auditorium 5104 ABCD  
Presenter: Marlys H. Witte, MD

Lunch will be offered to the first 50 people at 11:45 am. Please come early to secure a seat.
