Phoenix Symposium on Data Analytics in Healthcare
August 13, 2020

Thursday, August 13, 2020
8:30am - 1:00pm
8:35am—Keynote: “Care in the COVID Era: Telemedicine, Analytics, and Focus”
Virtual Symposium to be held via Zoom Webinar

The symposium will focus on the expertise of data analytics in the healthcare setting. The topics will cover the use of data and analytics tools/methods in the areas of healthcare, health/medical research, public health or other related fields. The use of data and analytics will be relevant to improving healthcare delivery and health outcomes in Arizona bioinformatics, or other related fields.
