Eyelid and face: Tumors and reconstructive techniques

The Research & Development team invites you to attend a lecture by Dr. Kathleen Duerksen, a facial cosmetic and reconstructive plastic surgeon in private practice in Tucson.

Dr. Duerksen is an experienced and highly regarded plastic surgeon in Tucson. Reconstructive surgery is often required after surgery to remove skin cancer in order to preserve vital function and appearance. Dr. Duerksen spends much of her time reconstructing eyelids and faces after skin cancer has been removed by specialized dermatologists.

In her lecture, Dr. Duerksen will discuss and demonstrate several reconstructive techniques for the various eyelid and facial defects encountered after tumor excision.

Date/Time: Monday, September 9, 12 to 1 pm
Location: Building 5E, Auditorium 5104 ABCD
Presenter: Kathleen M. Duerksen, MD, FACS

Lunch will be offered to the first 50 people at 11:45 am. Please come early to secure a seat.
