UAHS LGBTQ+ INTEREST GROUP PRESENTS

LGBTQ+ & COVID-19

Dr. Uma Nair and Jean McClelland will discuss how Coronavirus-19 or COVID-19 has emerged as a global pandemic. As it sweeps the world, millions of people have contracted the disease and communities all over have been affected. Some sub-groups, such as the LGBTQ community, will bear disproportionate burden of COVID-19. This presentation will present reasons why the LGBTQ population will be specifically impacted with the physical, social, and economic consequences of the outbreak. Local and national level resources for LGBTQ+ populations will also be provided.

Uma S. Nair, Ph.D
Co-Chair, UAHS LGBTQ+ Interest Group

Wednesday, May 13, 2020
12:00-1:00 PM

Hosted Zoom Meeting
