Announcement: AMES Travel Awards to Present Medical Education Research

The Academy of Medical Education Scholars (AMES) at the University of Arizona College of Medicine promotes excellence and innovation in medical education. To this end, AMES announces the availability of travel grants for faculty, staff, and trainees of the College of Medicine to present their research on medical education at regional and national conferences.

We encourage medical-education researchers who expect to present their work at a conference from January 2020 - June 2020 to apply for a Travel Award. Submissions are due by Wednesday January 8th. Notifications will be sent out by Friday January 17th.

AMES will consider requests for up to $750 per applicant toward the expenses of presenting research (poster, talk, workshop, etc.) at a meeting such as that of the Western Group on Educational Affairs, the International Association of MSE, or an education-related component of the meeting of a professional society. An applicant must be an author on an accepted abstract and must play a substantial role in presenting the work at the meeting. Faculty, residents, fellows, students, and Appointed Personnel in the College of Medicine are eligible; applications from residents, fellows, and students must be sponsored by a COM faculty member.

Reimbursements MUST be submitted within 60 days from the date the expenses are incurred. Failure to submit reimbursement within the 60 days will result in tax implications to the grant recipient. Travel expenses must be submitted for reimbursement before the end of June 2019.

A letter of intent to apply should list your name, department or section, and position or type of appointment, as well as the conference you expect to attend and your expected role in presenting the work (if you will not be first author).

A complete application for an AMES travel grant must include the following:

- Your name, primary department or section, and position or type of appointment.
- A copy of your abstract and letter of acceptance
- A brief explanation of your role in presenting the work if you are not first author
- COM faculty sponsorship letter, if applicable (see above)
- An estimate of your expenses (registration, travel, lodging)

Please submit letters of intent or full applications to Jennifer Cogan at jenc@medadmin.arizona.edu. Contact Allie Min, MD, AMES Chair, at amin@aemrc.arizona.edu with any questions.
